- **Notes from seller:** *This is a one owner tractor bought by my dad in '02 to plant corn and beans. Family farmer owned and operated, it's always been shedded when not in the field. 95% of the hours were pulling a JD 1770NT CCS planter, tractor has never pulled a scraper. This tractor was ordered from the factory with Greenstar. We put some new factory JD plastic trim on the hood (have receipts) as it was deteriorating over time. Replaced all four hand rails w/ JD factory (have receipts). New/retread bogey wheels in 2022 from NTS. Hours showing are the actual original hours. Always serviced locally by factory JD trained mechanic. There's a spot of grease on the buddy seat and a paint chip here and there but otherwise it's like new.*

**Quantity:** 1
